The Academy (AVA)

BIO: (150 words/996 characters)

Over 30 years of experience as a Leading Subject Matter Expert in Human Intelligence and Certified Interrogator with the US Department of Defense (DOD), Meegan Kriley-Mackay is changing the Approach to People Skills training in today's augmented workforce. She believes in humanity and is at the forefront of rebooting Human Resources (HR) into Human Intelligence (HI).

In a world that is moving quickly toward Artificial Intelligence (AI), Human Intelligence (HI) is crucial in matters that involve humans, who make up 100% of your staff. Learn how to lead multi-generational teams empowering them to communicate in a manner that promotes trust, understanding, and connection for all generations. Refresh and advance the skills needed to grow and nurture professional relationships and future leaders within your team. Improve your work culture top down bottom up, retaining current employees and becoming the organization others strive to join. Join us at The Academy (AVA) www.arteprovida.com.
