Katie Cowart is a born and raised Missoulian, the youngest of five children. Her husband is also a local and they enjoy raising their three children plus bonus (foster) daughter in the town they both grew up in. Between sporting events and choir concerts, Katie enjoys spending as much free time as she can manage in the endless nature Montana provides.

Katie started her career with First Interstate Bank back in 2008 as a teller. After spending several years there, she moved on to the Financial Services department where she currently resides. She specializes in personal and small business loans as well as any new account or account maintenance. Katie loves to be a source of knowledge for her team and the go-to problem solver.

Katie is an avid member of her community and loves opportunities to serve within. First Interstate Bank has always been a huge advocate for community volunteering and partners well with her yearning to help. Katie recently joined the board for Watson's Children Shelter and is excited to participate further with the Leadership Missoula program as Chair Elect for LM 41.
