I started my professional career working as a Stock Broker for McGlaughlin, Piven and Vogel where I spent two years managing stock portfolios. After realizing being a stock broker wasn't what I really wanted to do, I began my banking career at US Bank, working as a Teller and a Personal Banker. I spent roughly 3 years at US Bank before moving to Wells Fargo as a Personal Banker. After 5 years at Wells Fargo, I decided to try something other than Banking and went back to school. While working a part time job I found TrailWest Bank and decided to give Banking another try. I have now been with TrailWest Bank for the last 6 years as a Loan Officer and Branch Manager for our Bonner location.

I was born and raised in Seattle. I spent eighteen years there before leaving for Montana to go to the U of M where I graduated with a Business degree. It was here in Missoula where I met my wife while working at the Mustard Seed. We have 3 boys; an 8th, 6th and 2nd grader and a seven year old Border Collie Lab mix named Chloe. My hobbies include hanging out with my kids, camping, having BBQ's with our friends and mountain biking.
