

Becca Birdsell

My name is Becca and I am CPA at a firm in town, focusing on audit and attest services for nonprofits. I recently obtained my Certified Valuation Analyst designation and am now shifting more into business valuation services. I am originally from a small town in ND and moved from Minneapolis to Missoula during the summer of 2020. Outside of work, I love to play in my golf, softball, and kickball leagues throughout the week. I also enjoy spending time at the river or mountain biking with my husband and two dogs.
