

Paige Sears is an Admin at Jones Brothers Trucking. After acting as Lead Driver for the University of Montana's student driven bus system, UDASH, Paige fell in love with transportation. After graduation, she traveled the country in a flatbed semi-truck as the first woman to complete Jones Brothers Trucking's Management Trainee program. When she's not busy wrangling dispatchers and drivers for paperwork, Paige can often be found enjoying Missoula's music scene, lazing around at a lake, or tailgating a Griz game.
