

Katie Carlson Bio

Katie, a life-long Montanan, has an undergraduate degree in History from Carroll College and a Law degree, with a Certificate in Alternative Dispute Resolution, from Hamline University in Minnesota. Her transition from Law to Real Estate was a natural progression as someone who values relationship building, and being an informed advocate for clients. Her unique skill sets learned from her time in law school and as a practicing lawyer, along with her knowledge of Montana Law help achieve her client's real estate goals in the ever-changing market. When Katie isn't working, she enjoys spending time with her husband, Tyler Gernant, and their two children, Cecilia and Joseph, and dog, Lorax, in all of Montana's great outdoors.
