

Hello, my name is Sharon Morren and I currently serve as the Director of Membership for the Missoula Area Chamber of Commerce.

I grew up watching and learning from my father, who owned his own business. I developed an early understanding of the unique needs and challenges faced by businesses. This background instilled in me a profound appreciation for the intricacies of the commercial landscape paving the way for a successful career.

I believe what sets me apart is my genuine passion for people. I not only understand the mechanics of business but also recognize the human element that drives success. My creativity and people-centric approach allows me to excel in my field. Recognizing the importance of continuing education, I have attended numerous training sessions specifically related to sales and Chamber of Commerce membership sales. These experiences have further honed in on my skills, allowing me to provide top-notch support and strategic direction to members of the Missoula Area Chamber of Commerce.

My role at the Missoula Area Chamber of Commerce allows me to channel my extensive experience and love for community engagement into fostering a thriving local business environment. By connecting with entrepreneurs and business leaders I have committed to supporting, inspiring, and leading the way to prosperous future for the Missoula area. I believe my legacy is one of unwavering dedication, constant growth, and a heartfelt connection to the people I serve.

I have been happily married to Jeff for 30 years, and a proud mother of two sons, I believe in balancing my professional commitments with a fulfilling personal life. I love to decorate for all holidays, it reflects my artistic side, and you will often find me at the heart of community gathering and social events to fulfill my passion in meeting new people.

I would love to meet you, please feel free to reach out to me or stop in to say hi.
