

My name is Stephanie Castillo. I currently work as a Client Manager for personal lines at Marsh McLennan Agency (formerly known as PayneWest Insurance). I have been employed with them since 2019. Prior to that, my work experience included working at the City of Missoula Police Department, the Nez Perce County Court Services as a Juvenile Probation Officer in Lewiston, ID, and as a Licensed Real Estate Agent and Office Manager at Realty Northwest in Thompson Falls, MT. I attended college at the University of Montana (Go Griz) and graduated with a degree in Information Systems.

I had an amazing upbringing in the quaint and beautiful town of Thompson Falls, MT, and now live in Florence, MT, with my husband, son, and two labs. We spend lots of time outdoors – side-by-side mountain riding, fishing, camping, hiking, and spending time at the lake/river. I am an avid concert-goer and love all music! One of my favorite “jobs” is being a sports mom – supporting, cheering, and chauffeuring our kiddo to all his sporting events and spending time with our sports families!

I am currently the secretary of the Travelers Rest Connection Board, have been involved as an Advocate for the Pancreatic Cancer Network (PanCAN) for the state of Montana since losing my dad to the disease in 2018, and volunteer for many school and community events/fundraisers. I am excited for this opportunity to connect, build relationships, and increase my engagement within the community.
